Social and Personal.

INTEREST here is at present centered about the appointments of the different sponsors and maids of honor from all over the South to the Mobile reunion of Confederate Veterans. Virginia will be represented by a coterie of beautiful girls.

Says a recent Southern paper: "The appointment by General Clarence J. Owens, commander-in-chief of the Sons of Veterans, of Miss Mary Henry Ruffin, of Mobile, Ala., as maid of honor at the reunion in that city in April, revives illustrious memories of many distinguished men of the Confederate army, who are among her forbears. Her grandfather was Colonel Francis Gilbert Ruffin, of Richmond, an officer of the Chesterfield Troop, Fourth Regiment, Virginia Cavalry. Three of her uncles gave valiant service to the cause of the Confederacy—Jefferson Randolph Ruffin, William Nicholas Ruffin and Major William Roane Ruffin. Her great-grandfather was General George W. Randolph, who organized the Richmond Howitzers, and as their first commander, led them into the service of the Confederacy. He was later made brigadier-general in Pickett's Division and was a member of President Davis's Cabinet as Secretary of War.

Miss Ruffin is the daughter of the well-known Southern authoress, Mrs. M. E. Henry-Ruffin, and is one of the most admired members of the younger set in Mobile, where she will make her formal debut next winter."

TWO SENTENCED TO DIE JUNE 3

W. Dallas Wright and Richard Perkins Will Be Executed.

[Special to The Times-Dispatch.] Buckingham C. H., Va., March 23.—The jury in the case against Richard Perkins brought in a verdict of murder in the first degree. Judge Will moved to set aside this verdict, which motion was overruled by Judge Hundley.

W. Dallas Wright was then brought into court and he and Richard Perkins were both sentenced to be executed on June 3, but the court granted a postponement of execution for ninety days from the adjournment of this court to allow defendants to apply for a writ of error, and sixty days in which to file a bill of exceptions.

Before sentence was passed upon Wright he was asked if he had anything to say, and he told the jury he was innocent of the charge against him as the judge. After sentence was pronounced Wright asked to be permitted to address the bystanders, but this request was refused. The verdict came as a great surprise to Wright, and he seems to be in a state of great depression.

In the Edward Jones case, which was tried at the July term, 1909, Judge D. T. Gordon presided over the case, and the jury found Jones guilty of murder in the first degree, and a motion for a new trial was made and has been continued from that time to this without being passed upon by Judge Gordon.

"Buckingham co." was put back into the Fifth Circuit, presided over by Judge Hundley, and he not having heard the evidence in the trial, will ask the Governor to appoint Judge Gordon to continue the case at the next term of court. A pass upon the motion of Everett Jones for a new trial.

REVENUE OFFICERS BUSY. Warm Weather Causes Increase in Blockade Distilling.

[Special to The Times-Dispatch.] Raleigh, N. C., March 23.—That blockade distilling is increasing rapidly with the advent of the spring and milder weather conditions, is the statement of the internal revenue deputy collectors hereabouts, this condition applying throughout the whole Eastern District. Deputy Collectors H. Adams, D. C. Downing, J. B. Holland and others agree that this is the condition.

Deputies Holland and Downing cut up three distilleries in Moore and Montgomery counties last week, and two in Columbia and Harriet counties the week before. All the raiders are on the go now all the time. Downing and Holland destroyed a still last week in Columbia that was set up on three iron wagon axles, driven into the ground, the fire being burned between these upright rods, supporting the still, this taking the place of the furnace.

Raiders have found recently a number of still works that were straight, being run through long troughs instead of the coil worms, in barrels of water. The officers say that information as to the operation of stills is being secured in many quarters and they have much work ahead.

CONVINCING CURE OF SKIN TORTURE

Slight Red Eruption Grew to be Terrible—Sleepless Nights and Restless Days Made Life a Burden—Was Completely Discouraged.

CUTICURA CURED AFTER 16 YEARS OF SUFFERING

"For sixteen long years I have been suffering with a bad case of skin disease. While a child there broke out a red sore on the legs just above the knees, caused by a slight abrasion, but it grew to a bad case of skin disease. At first it seemed to be a slight affair but gradually it grew to a bad case of skin disease. I tried many house remedies and also many well known doctors in different cities but to no satisfactory result. The plague bothered me more in warm weather than in winter and being on my legs made life an unbearable burden. At last I was advised to try the Cuticura Remedies and I did not need more than a trial to convince me that it was on the road to success this time. I bought two sets of the Cuticura Remedies (Cuticura Soap, Ointment and Pills) and after these were gone I was a different man entirely. The Cuticura Remedies certainly did a great deal for me, as it changed my whole career from bad to good. I am now the happiest man that there is at least one true cure for skin diseases. Leonard A. Hawford, 11 North Ave., Brooklyn, N. Y., July 30 and Aug. 8, 1909."

Rest and peace fall upon distracted households when Cuticura enters. All that the fondest of mothers desires for the alleviation of her skin-tortured and distressed children is to be found in warm baths with Cuticura Soap and gentle anointments with Cuticura Ointment. Guaranteed absolutely pure and may be used from the hour of birth.

BIG EXPENDITURE FOR COAL LANDS

Transaction in Virginia-Kentucky Fields Means Outlay of \$3,000,000.

[Special to The Times-Dispatch.] Roanoke, Va., March 23.—One of the largest coal land transactions which has taken place in the Virginia-Kentucky fields recently was announced to-day. The deal called for the expenditure of \$3,000,000, which was made by the Berwind White people, for 100,000 acres of coal lands in Kentucky, on Peter's Creek, between the waters of the Tug Fork and the Levisa Fork of the Big Sandy, north of the West Virginia and Virginia lines. The price paid per acre was \$30. The deal was carried through by John Mayo and Taylor Vinson. Bluefield people were interested in the sale of the land, which they have held for a number of years.

The property can be reached by the Norfolk and Western and Chesapeake and Ohio. The Chesapeake and Ohio will have to build up Levisa Fork or go down Big Sandy to get to the tract, which is rich in minerals.

It is possible that it may be reached by the Norfolk and Western, however, as that road comes closest to it, in Mingo county, W. Va. It is undeveloped at this time.

The concern which has purchased the coal claims to be the largest shipping and producing company in the United States. In addition to this record, it controls the greater part of the coal shipped from Cuba, where it has large coal interests. The concern has a plant at Berwind, W. Va., and it is known as the New River and Pocahontas Consolidated Coal and Coke Company. In addition to this, the company has a large acreage in the surrounding country, as well as in other parts of West Virginia, Pennsylvania and other States.
